Diagnostics and Surgery of  
Salivary Gland Diseases in  
Consideration of New Minimal  
Invasive Techniques**

**February 24<sup>th</sup> – 26<sup>th</sup>, 2010**

Department of Otorhinolaryngology,  
Head & Neck Surgery  
University of Erlangen  
Chairman: Prof. Dr. med. Heinrich Iro

## Dear Colleagues:

We are pleased to announce our 7<sup>th</sup> international workshop and course on salivary gland diseases together with well known experts in this field.

The course is designed for

- Residents
- Experienced surgeons

Course lectures will cover

- Basics
- State of the art procedures
- Advances in diagnostics and therapy
- Minimal invasive surgical techniques and procedures

Practical sessions will offer

- Live surgery in small groups
- Performing of established procedures in salivary gland surgery (cadaver dissection)
- Training of sialendoscopy under real conditions (fresh frozen cadavers)
- Microsurgical techniques for nerve repair (rat model)

Excellent equipment and individual teaching by the team of experts is provided.

We are looking forward to meet you in Erlangen!

Heinrich Iro

Johannes Zenk

Michael Koch

Universitätsklinikum  
Erlangen

## 7<sup>th</sup> International Course on Diagnostic and Surgery of Salivary Gland Diseases in Consideration of New Minimal Invasive Techniques

### Program

#### Wednesday, February 24<sup>th</sup>, 2010

- 08:15 Registration
- 09:00 Reception and Introduction
- 09:15 Diagnostic Procedures in Salivary Gland Disease
- 13:00 Lunch
- 14:00 Sialendoscopy
- 14:45 Gland Preserving Treatment of Obstructive Disease
- 16:00 Treatment of Benign Tumors
- 18:00 Facial Nerve Monitoring

#### Thursday, February 25<sup>th</sup>, 2010

- 07:45 Live Surgery, Cadaver Dissection, Microsurgery
- 13:00 Lunch
- 14:00 Live Lithotripsy / Sialendoscopy
- 16:30 Management of Salivary Gland Malignancies
- 20:00 Course Dinner

#### Friday, February 26<sup>th</sup>, 2010

- 08:15 Live Surgery
- 13:00 Lunch
- 14:00 Lectures, Round Table, Surgery of the Paralyzed Face
- 16:00 End of Course
