

# 17<sup>th</sup> International Course on Diagnostics and Surgery of Salivary Gland Diseases in Consideration of Minimal Invasive Techniques

**October 20<sup>th</sup> – 22<sup>th</sup>, 2021**

Department of Otorhinolaryngology –  
Head and Neck Surgery

**Online Version**

**Universitätsklinikum  
Erlangen**

Dear colleagues,

We are pleased to announce our 17th international course on salivary gland diseases together with well-known specialists in this field. Unfortunately, due to the unsafe Covid-19 situation, this course can be held in an online version only. We really regret that a presence course is not possible and hands-on courses and live surgery cannot be performed this year. We intend to give you practical insights by including video sessions into the program.

Course lectures will cover basic knowledge and skills as well as state of the art procedures. The course is suited not only for residents, but also for experienced surgeons to learn more about the most recent advances in diagnostics and therapy. Besides continuing medical education, the course is designed to encourage the exchange of experience. Due to the growing interest, the course is particularly focused on the development of minimal invasive surgical techniques and procedures.

We are looking forward to meeting you!

Heinrich Iro

Michael Koch

Konstantinos Mantsopoulos

# Program

## Wednesday, October 20, 2021

- 09.30 **Welcome and Introduction**
- 09.40 **Basic Lectures: Clinics, Imaging, Pathology, Diagnostics in Salivary Gland Diseases**
- 11.40 **Break**
- 12.30 **Minimal Invasive Techniques in Obstructive Salivary Gland Diseases**
- 15.10 **Break**
- 15.30 **Case Reports/Video Sessions: Inflammatory/Obstructive Salivary Gland Diseases**

## Thursday, October 21, 2021

- 09.00 **Diagnosis and Treatment of Benign Tumors, Tumors in the Parapharyngeal Space, Recurrent Pleomorphic Adenoma**
- 12.15 **Break**
- 13.00 **Complications after Salivary Gland Surgery, Botulinum-Toxin in Salivary Gland Diseases**
- 14.00 **Case Reports/Video Sessions: Extracapsular Dissection, Lateral/Total Parotidectomy, Submandibulectomy, Surgery in the Parapharyngeal Space**

## Friday, October 22, 2021

- 09.30 **Diagnosis and Treatment of Malignant Salivary Gland Tumors**
- 11.00 **Break**
- 11.30 **Treatment of Malignant Salivary Gland Tumors**
- 13.30 **Break**
- 14.15 **Prognostic Factors in Salivary Gland Malignomas, Reconstruction of the Facial Nerve and Surgery of the Paralyzed Face, Reconstructive Surgery of Parotid and Cheek Region**

# Topics

## **I. Lectures:**

Diagnostics and Pathology in Salivary Gland Diseases/Minimal Invasive Techniques in Obstructive Salivary Gland Diseases/Surgery in Benign and Malign Salivary Gland Tumors/ Adjuvant Therapy in Salivary Gland Malignancies/ Botulinum-Toxin in Salivary Glands/Management of the Paralyzed Face/Reconstruction of Defects of the Parotideal and Cheek Region

## **II. Case Reports/Video Sessions:**

Salivary Gland Surgery, Transoral Duct surgery, Sialendoscopy

## Course Directors

- **Prof. Dr. Dr. h. c. Heinrich Iro**
- **Prof. Dr. Michael Koch**
- **PD Dr. Konstantinos Mantsopoulos**

## Faculties

- **Prof. Abbas Agaimy**  
Pathology Erlangen, Germany
- **Prof. Pasquale Capaccio, ENT**  
Milan, Italy
- **Prof. Dr. Rainer Fietkau**  
Radiotherapy, Erlangen, Germany
- **Prof. Dr. Orlando Guntinas-Lichius, ENT**  
Jena, Germany
- **PD Dr. Marlen Haderlein**  
Radiotherapy, Erlangen, Germany
- **Prof. Dr. Mark McGurk, MFS**  
London, England
- **Prof. Dr. Rainer Laskawi, ENT**  
Göttingen, Germany
- **Prof. Piero Nicolai, ENT**  
Padova, Italy
- **PD Dr. Mirco Schapher, ENT**  
Nuremberg, Germany
- **PD Dr. Stephan Schwarz-Furlan**  
Pathology, Erlangen/Kaufbeuren, Germany
- **Prof. Dr. Vincent Vander Poorten, ENT**  
Leuven, Belgium
- **Dr. Marco Wiesmüller**  
Radiology, Erlangen, Germany
- **Prof. Dr. Johannes Zenk, ENT**  
Augsburg, Germany
